

NOT EASILY BROKEN

Man

I guess that makes it ours

Woman

I love it Clarice and how you managed to keep it alive while we made up our minds.

Clarice

Well actually, it was Michelle here who kept It alive and that's why she's gonna share the commission.

Man

Okay, I've go to get to the courthouse.

Woman

No, you don't. You first have to see some new tile samples for the master bathroom.

Man

Courtroom won't wait for me.

Woman

The samples!

Michelle

Yes....Okay, Clarice, what's wrong?.....
We just closed one of the biggest deals of
your life...and you walking around here like
somebody stole your bike.---What's going
on?

Clarice

Nothing.—I'm fine.

Michelle

Nothing, yes, it is...Tell me, come on
now....This is me, tell it.

Clarice

It's---I'm just having one of those days,
okay? Just....

Michelle

Do not make me go Oprah on you, because
I will.

Clarice

I think David's having an affair.

Michelle

What?

Clarice

Yes.

Michelle

Oh, honey, are you sure?

Clarice

Yes, Michelle. I can see it in his eyes.

Michelle

It's always in the eyes, ain't it?..Umm!!

Clarice

And it's my physical therapist.

Michelle

What? That skinny little white thing?

Clarice

It's Julie Sawyer.

Michelle

Okay...Oh, girl. What? You got to go over there and open up a good old can of soul sister power on her narrow behind.

Clarice

I can't do that. I don't have any real proof.

Michelle

Uh uh, we got to go over there and snatch her.

Clarice

Michelle, I can't do that.

Michelle

Snatch her by her hair and squeeze until that heifer tell us everything we wanna know, okay? You want me to do it?.....Look at me, look at me. Don't go all Waiting to Exhale on me. Dave is too good a man for you to lose. And you don't want to do something all crazy that you can't take back...Now, you take that from me. I know

Clarice

Don't tell me Todd is cheating too.

Michelle

I did the cheating.

Clarice

What?

Michelle

I know...Don't look at me like that, I know.

Clarice

How?----How was he able to forgive you?

Michelle

It was not easy, okay? It took a long time.
But he forgave me, after all that. And I will
never sacrifice his heart like that again.

Clarice

Yeah, well, that's good for you guys but um,
I just don't think I have it in me to do that.

Michelle

Yes, you do....Now, are you sure you don't
want me to go snatch the white girl?

Clarice

Why are you so crazy?

Michelle

I'm just saying. It'll make you feel better.

Clarice

No, it'll make you feel better Michelle.

Michelle

Yes, yes, it will make me feel better....Oh
my friend....I am so sorry.

Clarice

Me too.

Michelle

Maybe we should snatch Dave too. Just do a drive by snatching, and snatch everybody.
